ABOUT US

One Source Cabinets began out of the desire to want to un-complicate the custom cabinet buying experience for our customers. We began in 2014 offering stock cabinets with custom options but soon discovered we wanted to be able to offer more. With the landscape changing in the stock cabinet industry as new anti-dumping legislation and tariffs began plus the greater lead time length to get the boxes we decided to make a change. We took this uncertainty as an opportunity to pivot and have more control over the process by manufacturing our own cabinets.

By using quality materials and overseeing the workmanship of the cabinets we are giving our customers a better product with more customization at a better price.

You're going to love the design opportunities & the seemingly endless options that we offer with our new in-house cabinet manufacturing technology. Expect nothing less than the look and feel of the highest quality of wood grain definition. In fact, once you see and feel our materials, you'll prefer it over real wood.

Each & every cabinet is made to order in our two state-of-the-art local cabinet maker factories in Mesa, AZ & Colorado Springs, CO. We don't stock kitchen units like others, so we can offer a multitude of cabinet combinations to make your designs & dreams come true.

STYLES TO CHOOSE FROM
JUST ENOUGH TO GIVE OPTIONS BUT NOT OVERWHELM!

MODERN. STYLISH. SIMPLE. COLORED

DOOR PROFILES

Five distinct styles. Find the profile that brings your space to life.

SIGNATURE SHAKER & FLAT PANEL

EGGER Natural Casella Oak

SIGNATURE SHAKER MODERN SHAKER

Our five-piece modern shaker door combines a defined frame and recessed center panel for clean lines and timeless depth. It offers just enough detail without being "busy". Another great option if you are looking to add depth to your cabinetry.

SPECIALTY STYLES

Tafisa Kiss Curl

FLAT PANEL SLABIN SHAKER

A clean, uninterrupted slab face creates a streamlined look. Let your selected color, texture or woodgrain take the lead. And for contrast, consider pairing with a rich wood or high end look with a pop of color. A subtle detail you'll love.

ARIZONA CUSTOM COLLECTION

Confirm finish availability and profile compatibility with your designer.

SOLID GRAIN KARISMA LINE

LUMMIA LINE

3 PIECE SHAKER MODERN SHAKER

Why choose a shaker profile when the classic, timeless look of a few days with a shaker door is being perfected. The detail of the shaker profile is a subtle, understated look. Another great profile and a flat looking slab. A clean, understated look.

BEVELED SHAKER THIN SHAKER

The transitional modern look offered in the Thin Shaker door is a new option that is gaining popularity. A shaped inner frame adds depth and a more detailed look. And for great reason too, it lends to a softer, high end look with an understated detail you'll love.

MATERIAL COLLECTION

ARIZONA CUSTOM COLLECTION

584 selections. Your space. Your style.

A WORLD OF COLOR & TEXTURE

One Source Cabinets offers an extensive selection of laminates in textured, matte and gloss finishes, with colors and woodgrain patterns to complement your space.

CUSTOM MATERIALS & AVAILABILITY

Our materials are sourced from multiple manufacturers and regions. Supplier stock, production schedules and shipping can affect availability and lead times. All listed colors and finishes are subject to availability. Confirm your selection with your designer before ordering.

SEE IT. TOUCH IT. APPROVE IT.

Catalog and screen images may differ from the actual color, sheen and texture. Review and approve a physical sample before finalizing your selection so you can see the finish in your space and lighting.

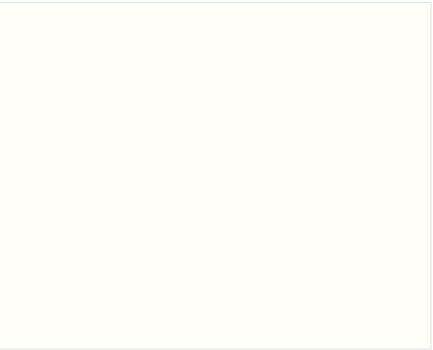

CONFIRM THE BUILD

Panel sizes, thicknesses, matching edgebanding and door-profile compatibility vary by material. Your design consultant will help confirm the right combination for your project.

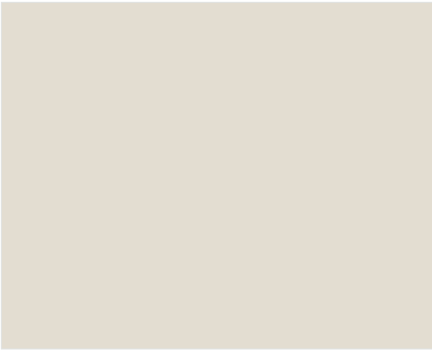

Colorado colors: CO1–CO4. Some selections are shared by both locations.
